

## Sheffield Pubs Galore Crawl, July 2019

### Assumptions:

- 1) Some people will be arriving on Friday and leaving the same day. Therefore, the maximum concentration of excellent and prestigious pubs should be visited on the Friday; in effect, this will mean the Kelham Island area.
- 2) Some people may arrive on Thursday, with time for a mini-crawl in the evening. Alternatives in the city centre, on Ecclesall Road and London Road.
- 3) Some people, perhaps most, are likely to stay in Sheffield on Friday. A further crawl on Saturday of (mostly) outlying pubs reachable by bus and tram.

### Targets:

- The [Guardian list of the “top 10 \[or 11\] craft beer pubs in Sheffield”](#) should be visited or within reach of the main crawl route for those interested.
